(57) **CLAIM**

The ornamental design for a “lamp”, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view of a lamp, showing our new
design;

FIG. 2 is a plan view from above thereof;

FIG. 3 is a perspective side view thereof;

FIG. 4 is a further perspective side view thereof;

FIG. 5 is a perspective view from below thereof;

FIG. 6 is a further perspective view from below thereof, in
which a lid has been removed from a main body portion of
the lamp;

FIG. 7 is an exploded perspective view thereof showing the
lid removed from the main body portion thereof;

FIG. 8 is an exploded plan view from above thereof with the
lid removed from the main body portion;

FIG. 9 is an exploded perspective side view thereof with the
lid removed from the main body portion;

FIG. 10 is a further exploded perspective side view thereof
with the lid removed from the main body portion;

FIG. 11 is an exploded perspective view from below thereof
with the lid removed from the main body portion and turned
upside down;

FIG. 12 is an exploded perspective view of the lamp similar
to the view of FIG. 7 but with the lid removed from the main
body and turned upside down;

FIG. 13 is an exploded plan view from above of the lamp
with the lid removed from the main body and turned upside
down;

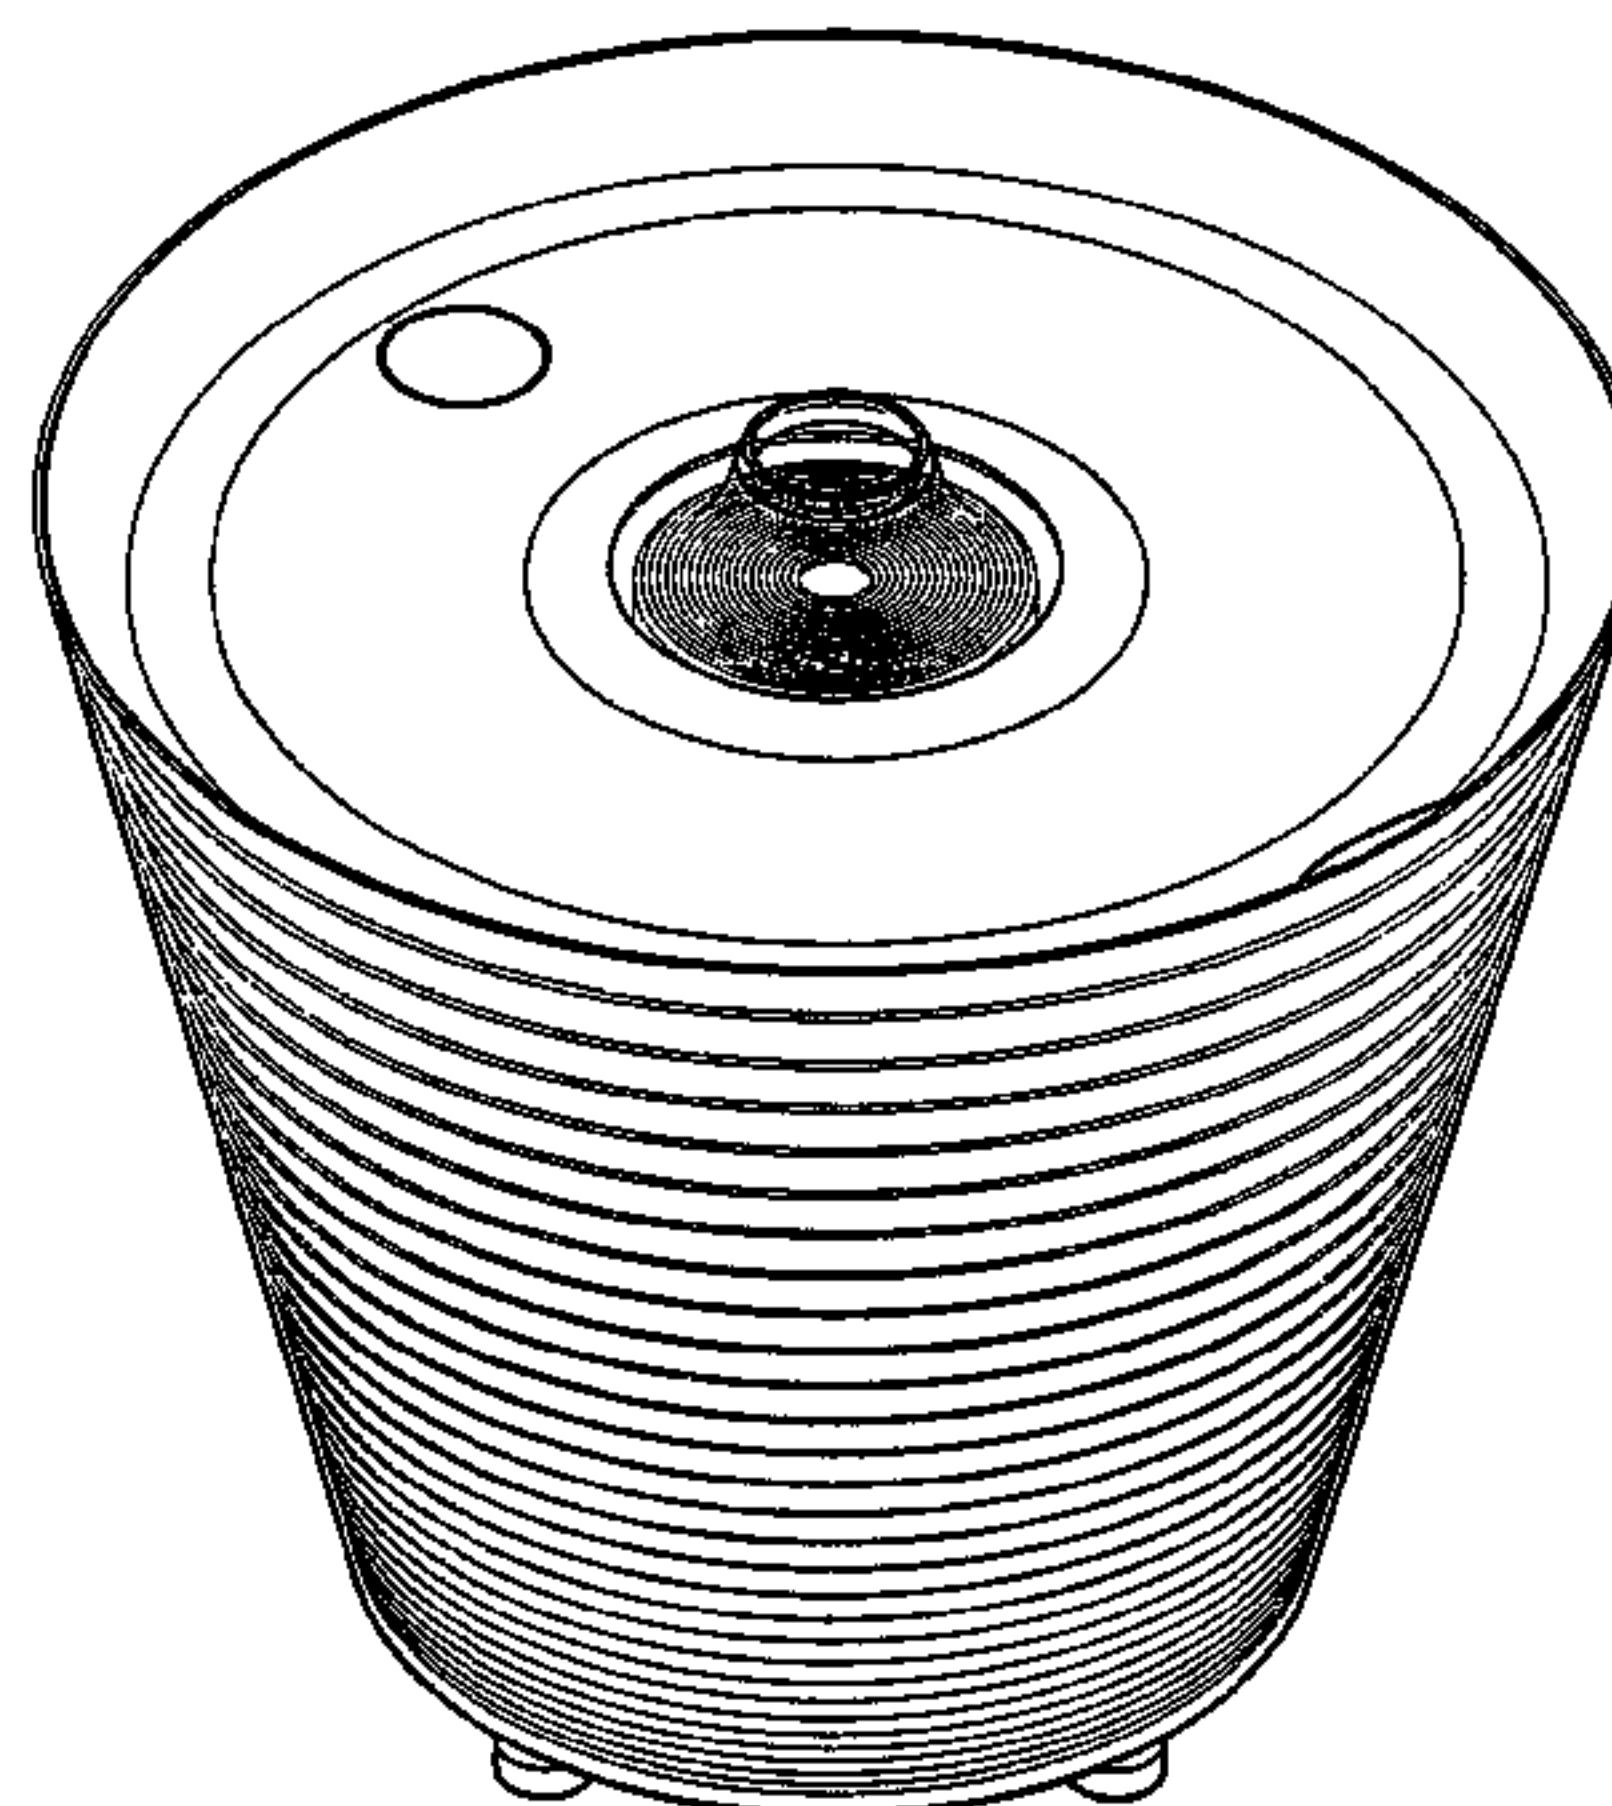

FIG. 14 is an exploded perspective side view of the lamp
with the lid removed from the main body and turned upside
down;

FIG. 15 is a further exploded perspective side view of the
lamp with the lid removed from the main body and turned
upside down; and,

FIG. 16 is an exploded perspective view from below of the
lamp with the lid removed from the main body and turned
upside down.

The drawing figures which show portions of the lamp
separately are for clarity. The claimed lamp includes both
the main body and the lid.
