(57) **CLAIM**

The ornamental design for a carton, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the carton embodying our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right elevational view thereof, the left elevational view being a mirror image thereof;

FIG. 4 is a bottom planar view thereof, the top planar view being a mirror image thereof; and,

FIG. 5 is a rear elevational view thereof.

The broken lines in the drawing figures have been shown for illustrative purposes only and form no part of the claimed design. A preferred embodiment of the claimed carton provides for an image such as a picture, photograph, lenticular lens, painting, drawing, or other work of art, combinations thereof, and the like, to be positioned within the carton and the image remain viewable through the enclosed region of the carton depicted by the broken lines as shown in FIGS. 1, 2.
