(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display screen with animated graphical user interface showing my new design; and, FIG. 2 is a second image thereof. The peripheral dash-dot-dash lines illustrate a display screen or portion thereof and form no part of the claimed design. The dashed broken lines within the peripheral dash-dot dash lines illustrate portions of the graphical user interface which form no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.
