(57) CLAIM

The ornamental design for a wall sconce light with pivoting shade, as shown and described.

DESCRIPTION

FIG. 1 is a front upper perspective view of a wall sconce light with pivoting shade of Applicant's design with the shade rotated around the elongate light to one position, the shade being rotatable around the elongate light to other positions;
FIG. 2 is a front elevational view thereof showing the view intended to face away from a wall;
FIG. 3 is a rear elevational view thereof showing the view intended to face a wall;
FIG. 4 is a first end elevational view thereof;
FIG. 5 is a second end elevational view thereof, the second end elevational view being opposite the first end elevational view;
FIG. 6 is a first side elevational view thereof; and,
FIG. 7 is a second side elevational view thereof, the second side elevational view being opposite the first side elevational view.
In the drawings, the broken lines show portions of a wall sconce light with pivoting shade that form no part of the claim.
